## Services

Non-surgical regenerative treatments for pain associated with sports injuries, arthritis and other musculoskeletal conditions

Sports injuries are a common occurrence and can be very serious. They can occur when someone is playing a sport or when they are doing something in the course of their everyday life that involves physical activity. If you are an athlete or a weekend warrior and have injured yourself, look no further than QC Kinetix (Marietta). Our QC Injury protocol, developed by our medical team, can help you stay ahead of pain and discomfort due to injuries, regardless of age or gender. With a regenerative medicine protocol, your body gets what it needs to heal quickly and efficiently. Not only will you recover faster, but you'll also find that you're less prone to re-injury. Through a combination of sports medicine in Marietta and innovative leading technology, we can help people feel better and live more active lives. Our doctors will guide you through every step to make your treatment and recovery process as smooth as possible. We believe a healthy body can be achieved when you focus on the right care.
